

List of free Node.js hosting

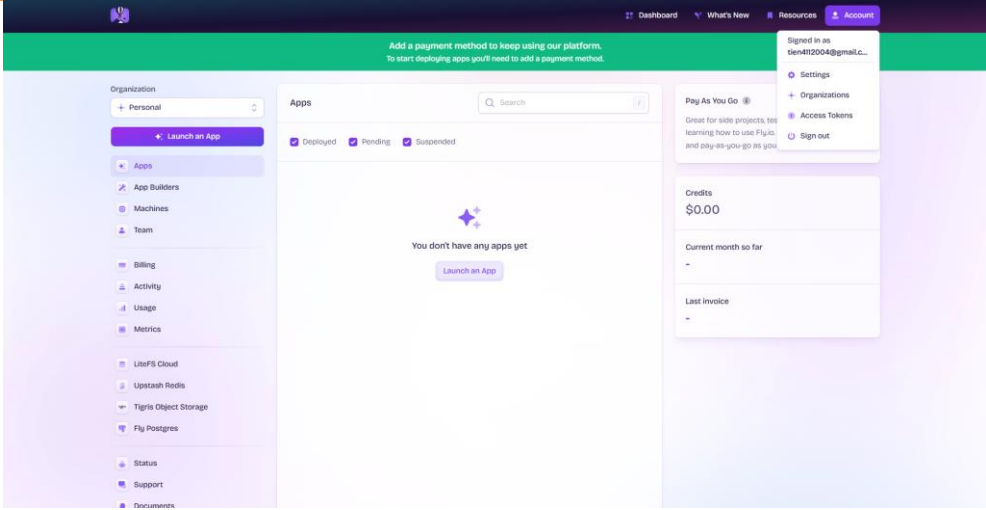

Group information

| # | Student ID | Full name |
|---|------------|--------------------|
| 1 | 22120364 | Nguyễn Hoài Thương |
| 2 | 22120368 | Phan Thanh Tiến |
| 3 | 22120441 | Nguyễn Trường Vũ |

Hosting 1

| | |
|----------------|--|
| Website | Render.com |
| Disk size | 512MB (static site) |
| Bandwidth | 100GB/month outbound; free CDN |
| CPU core count | Shared CPU |
| RAM | 512MB |
| Limitation | 90 mins runtime/day. |
| Note |  |

Hosting 2

| | |
|----------------|--|
| Website | fly.io |
| Disk size | 3GB |
| Bandwidth | 160GB outbound (100GB US, 30GB EU, 30GB AP), unlimited inbound |
| CPU core count | Shared CPU |
| RAM | 256MB/VM |
| Limitation | Bandwidth 30GB for Asia Pacific; can create upto 3 VMs with shared resources. |
| Note |  <p>The screenshot shows the Fly.io dashboard. At the top, there's a green banner with a message about adding a payment method. Below that, the 'Apps' section is visible, showing a 'Launch an App' button. The right sidebar contains account information, including 'Signed in as', 'Settings', 'Organizations', 'Access Tokens', and 'Sign out'. The 'Credits' section shows '\$0.00' and 'Current month so far'.</p> |

Hosting 3

| | |
|----------------|---|
| Website | Netlify.com |
| Disk size | Not specific |
| Bandwidth | 100GB/month |
| CPU core count | Not publicly specified |
| RAM | Not publicly specified |
| Limitation | 300 build mins. 100 form submissions, 125k function invocations/month |
